Route Development Newsletter

The summer season is off to a good start, with a total of 556,047 guests passing through the airport in April, which is a 2% increase from the same time last year.

A total of 21 airlines flew to 65 destinations in April. The most popular destinations were London, Copenhagen, New York, Paris, and Amsterdam.

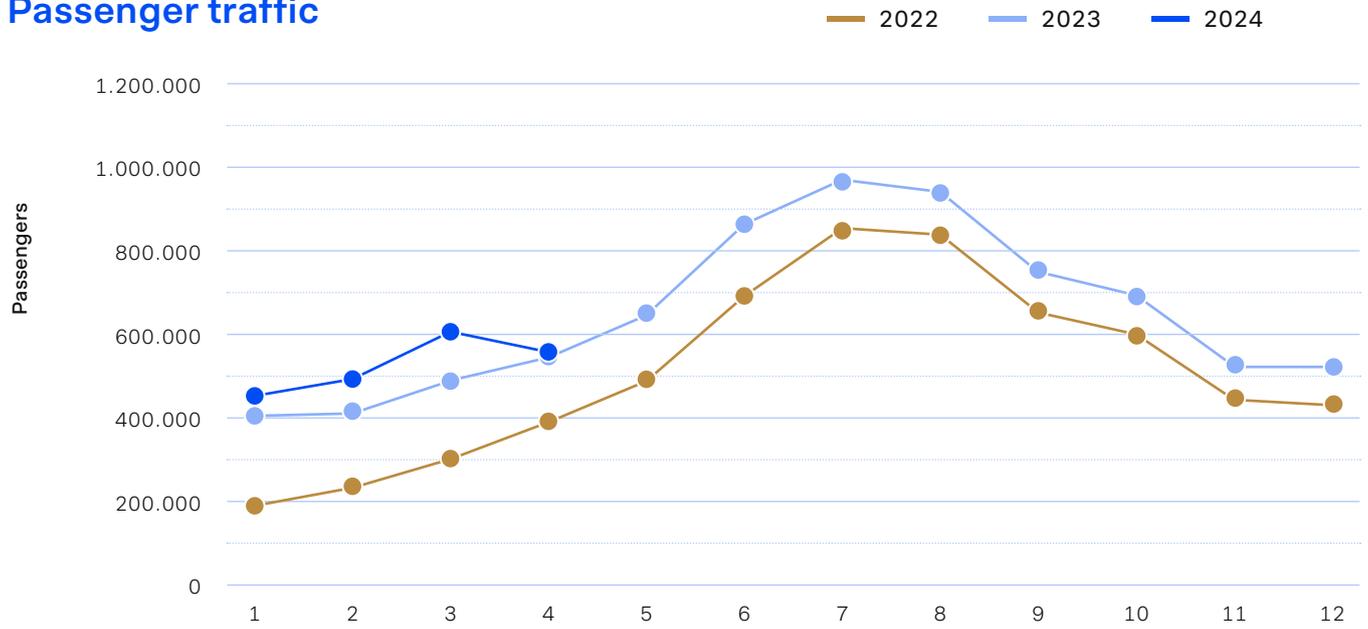

According to the Icelandic Tourist Board, Icelanders' departures were about 45 thousand in April which is -19.8% fewer than April last year, this is most likely because easter was in April last year but March this year, since easter is a popular holiday time for Icelanders.

The departures of foreign guests were 137 thousand in April, which is 3.5% less than in April last year. Most departures in April, were US citizens (24% of the total departures), followed by British citizens (12%), Polish citizens (6%), French citizens (5%) and German citizens (5%).

This month we attended Routes Europe in Aarhus. Fantastic event as always and our busiest Routes Europe conference ever, with almost 40 meetings in the diary with airlines and other airports.

Looking forward to the summer season ahead.
