KEF KEFLAVÍK
AIRPORT

Route Development Newsletter

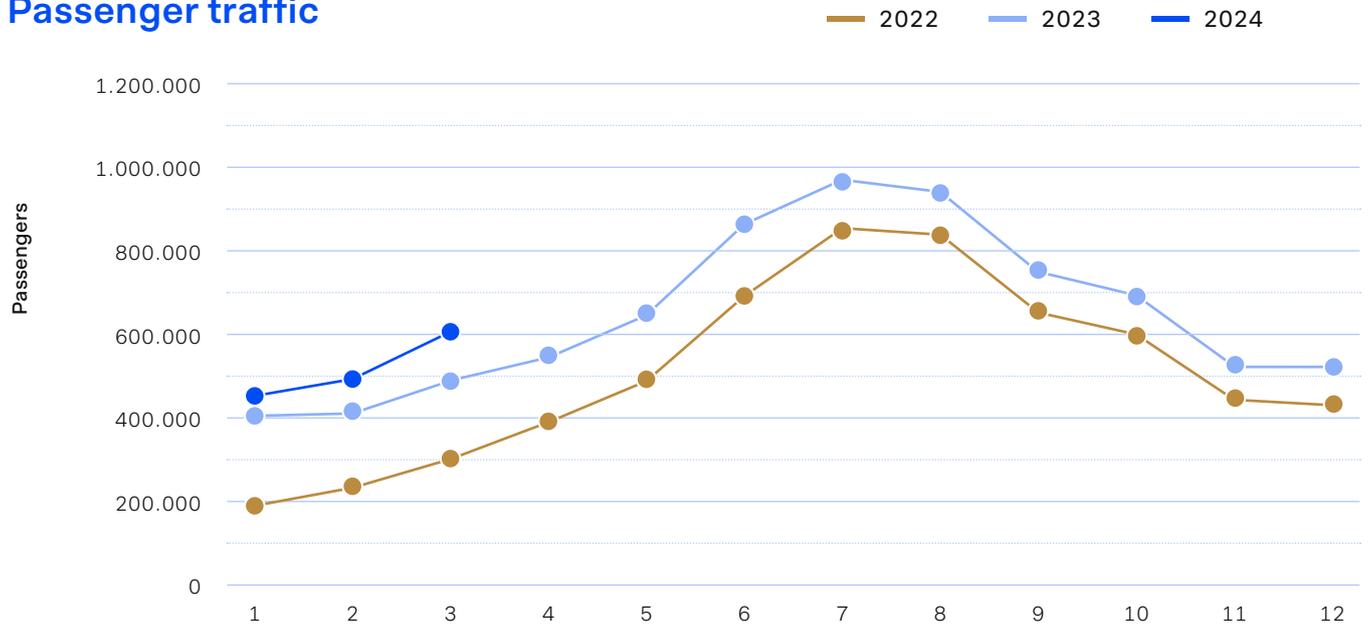

604 thousand passengers through Keflavík Airport in March, that's 23,6% increase compared to the same month last year. That's also 5% above our passenger forecast for March where we predicted 575 passengers this month.

In total, for the first quarter of 2024 over 1.5 million passengers through KEF which is an 19% increase from the same period last year.

According to numbers from the Icelandic Tourist Board, the departures of foreign guests from the country via KEF were 173 thousand in February. Surpassing previous record for this month by roughly 200 hundred people. Around 40% of foreign visitors' departures were from USA and UK, about 72 thousand. Other significant nationalities in terms of number of visitors were from China, Italy, and France.

This month two summer seasonal airlines returned to KEF once again, Delta from JFK and Iberia Express from MAD. Always great to see our airline partners coming back and a reminder that the summer is right around the corner.
